

mailed January 2, 1997, requiring Applicants to provide a paper form of the Sequence Listing and an amendment directing its entry into the specification.

By the present amendment Applicants have inserted the amended Sequence Listing of the nucleotide and amino acid sequences into the specification. It is submitted that the amendments do not introduce any new matter and entry of the amendments are respectfully requested. Applicants are simultaneously filing a response to the Notice to Comply with Requirements.

Respectfully submitted,

~~Reggie Y.C. Lo, Anthony B. Schryvers~~
~~and Andrew A. Potter~~
